

Incident Management Lab: Major Incident Bridge Management & Scribe Roles

Duration : 30 Min.

Scenario

A P1 payment portal outage requires assembling a Major Incident Command team to manage technical bridge communications.

Task Objectives

Perform the following actions inside the `student_workspace` directory: - Document the roles of Incident Commander, Technical SME, and Scribe while creating an outage action item timeline.

Instructions to Perform the Task

1. When your workspace loads in **VS Code**, use the **Explorer** panel on the left to locate your files.
2. Navigate to and click the specific files mentioned in the Task Objectives.
3. Make the necessary code edits in the editor.
4. Press **Ctrl + S** (Windows) or **Cmd + S** (Mac) to save your changes.
5. If you need to run commands, open the built-in terminal by clicking **Terminal > New Terminal** from the top menu.

Validation

Once you have saved your files and are ready to submit, return to the platform dashboard and click the **"Submit Final"** button. This task is evaluated manually by the grading team.

Evaluation Rubric:

1. Defining responsibilities for Incident Commander, Technical SME, and Bridge Scribe: 4 marks
2. Establishing major incident bridge etiquette and status call cadences: 3 marks
3. Documenting real-time bridge decisions and action item tracking logs: 3 marks

Total Score: 10 Marks

Important Notes

- This is a manually evaluated question.
- Ensure all logs and configurations are fully saved in your workspace folder before submitting.
