

Incident Management Lab: Bridge Communication & Stakeholder Management

Duration : 30 Min.

Scenario

During a P1 outage bridge call, stakeholders require structured periodic updates and executive shift handovers.

Task Objectives

Perform the following actions inside the `student_workspace` directory: - Conduct a timed status update simulation, prepare Executive Summaries, and execute a structured shift handover.

Instructions to Perform the Task

1. When your workspace loads in **VS Code**, use the **Explorer** panel on the left to locate your files.
2. Navigate to and click the specific files mentioned in the Task Objectives.
3. Make the necessary code edits in the editor.
4. Press `Ctrl + S` (Windows) or `Cmd + S` (Mac) to save your changes.
5. If you need to run commands, open the built-in terminal by clicking **Terminal > New Terminal** from the top menu.

Validation

Once you have saved your files and are ready to submit, return to the platform dashboard and click the **"Submit Final"** button. This task is evaluated manually by the grading team.

Evaluation Rubric:

1. Delivering periodic 15-minute status cadence updates for business stakeholders: 3 marks
2. Preparing concise Executive Summaries highlighting business impact and ETRs: 3 marks
3. Executing a structured shift handover detailing open action items and risks: 4 marks

Total Score: 10 Marks

Important Notes

- This is a manually evaluated question.
- Ensure all logs and configurations are fully saved in your workspace folder before submitting.
